2. REVIEW OF ACTIVITIES

Main Business and Operations

The Johannesburg Tourism Company (NPC) is a dormant Municipal entity. The principal activity of the company was the establishment and development of tourism in the City of Johannesburg. The entity operated principally in South Africa. During the 2012/13 municipal fiscal year, the City of Johannesburg resolved that the entity's functions be transferred and merged with that of Public Liason Department to form the Communication and Tourism department.

The transfer of assets and liabilities to the City of Johannesburg was done effectively from 31 May 2013. The company has not traded during the year of the preceding financial year. During these years, the company received no income and incurred no expenditure and therefore made neither profit nor loss.

The operating results and state of affairs of the entity are fully set out in the attached annual financial statements and do not in our opinion require any further comment.

Net surplus of the entity was Rnil (2016: surplus R -). The company is exempt from income tax.
